In 2014, the GaDOE, Division for Special Education Services and Supports joined a national technical assistance workgroup for IEP facilitation. After training and collaborating with other states who have implemented IEP Facilitation, the GaDOE surveyed Georgia’s parents, local school district staff, advocates, attorneys, and others to gain their input on the benefits of IEP Facilitation in Georgia. The survey results indicated that the overwhelming majority of respondents believed that IEP facilitators would be beneficial in Georgia. Next, the GaDOE convened a team of internal stakeholders from the Legal Department and Special Education Compliance, Professional Learning, and Dispute Resolution units to start the initial planning phase of the IEP Facilitation project. Then, a diverse group of external stakeholders convened to provide input on various aspects of the project, including the selection of pilot districts, FIEP processes and procedures, public awareness and outreach, and facilitator qualifications and solicitation. Internal and external stakeholder input is ongoing.
